Part in Mystery

NEW YORK, June 2.—Some time before the night of May 15, in which Walter S. Ward killed Charles Peters, a Pittsburgh woman as disrupted the domestic peace of the whole Ward family—father, George S. Ward, son Walter S. Ward, and the wife of both.

So much of seeming certainty grew today out of the many uncertainties into which Westchester county officials were plunged by the arrival in White Plains of James Joseph Cunningham, under arrest and carrying a tale of blackmail, murder and mid-night murder.

WOMAN TO TALK
This woman is on her way from Pittsburgh to see Sheriff George Warner in the White Plains Court-house to tell how she was once used to entice one of the Wards into a blackmail trap. The trap, however, was not sprung at that time. Arnold Rothstein, the one-time notorious conspirator of gambling houses, was known as her friend and adviser.

One attempt at blackmail was heard success, according to the story of the girl when it was arrested by a temporary rebellion of the woman in the case herself. It is surmised that the Wards knew that the blackmail attempt was to be made—were as surprised as anybody when it failed to materialize and have lived in dread of its revival ever since. The woman's story, when told, may prove that it was revived and that Charles Peters, by some complication

FATHER THE DUPE
Nothing in this newly developed theory of the blackmail which inspired the shooting of Peters disqualifies the alleged account of the actual shooting, furnished today to Dist. Atty. Weeks by Cunningham, and stoutly maintained in the face of an all-day cross examination. Cunningham, who is under arrest as a material witness, changed his story in the face of his story but stuck to the broad outline, which is of a plot entered into by Walter S. Ward with Peters and a former private detective named "Bill" Jackson to extort money from Ward's father.

In his original account, Cunningham insisted he heard all that was said at a meeting between Ward and Peters in the library of the former's home. Today he changed his tale of being the man who was called in by the father of the elder Ward to a telephone in the Ward cellar, over which proof that Ward was plotting his own father's death was furnished. The plot, according to the new story, was to use the father's money to finance a gambling house, was known as her friend and adviser.

One attempt at blackmail was heard success, according to the story of the girl when it was arrested by a temporary rebellion of the woman in the case herself. It is surmised that the Wards knew that the blackmail attempt was to be made—were as surprised as anybody when it failed to materialize and have lived in dread of its revival ever since. ish capital can be sufficiently employed at home. The sum of \$100,000,000 is currently mentioned as the amount that will probably be absorbed by the United States.

NEW YORK, June 2.—Appointment of a subcommittee of the international committee of bankers on Mexico to work out with Adolfo de la Huerta, Mexican Secretary of Finance, the details of a plan for the adjustment of the \$100,000,000 Mexican national debt, was the outstanding feature of the first day's session of the Mexican financial conference.

While the names of the members of the subcommittee were not given out officially, it is understood the committee consists of Thomas W. Lamont, who is chairman, and includes representatives of British and Dutch investment banks, and the French, Belgian and Swiss groups, and Paul von Schwanbach, who is the delegate of the German financial interests.

HOLD PLENIARY SESSION
A plenary session of the conference at which thirty international bankers and their advisers were present, was held this morning. Secretary de la Huerta presented, with the aid of a Spanish interpreter, an oral summary of Mexico's present economic situation. This was followed by a general discussion.

The subcommittee began work in the afternoon, taking up what the official communiqué described as "more concrete questions" in a session lasting two hours. The committee will meet again Monday and once or twice daily thereafter until its report is completed.

De la Huerta will have several conferences with American oil producers, who are eager to settle the perplexing situation of oil export taxes with the Mexican government.

When she got there, Mrs. Bradley said, she found Symon on the floor of the Broadway, who appeared to be bleeding from a number of injuries.

Broadhurst, Mrs. Bradley said, had been suffering from a severe cold, and had a temperature of 103. He had been taken to the ship's surgeon, Dr. MacDonald Moore.

Bradley charged that he was hardly able to walk when Symon, who, she alleged, was intoxicated, attacked him in his stateroom.

Neither Broadhurst nor Symon showed any signs of their physical encounter.

SAUGATUCK (Ct.) June 2.—The mutilated body of Joseph P. Courtney, 31, of Worcester, Mass., former Air Service captain, was found near the Westport station of the New York, New Haven and Hartford Railroad early today. He was employed in the estate tax division of the United States Internal Revenue Bureau.

It was at first believed that Capt. Courtney had been on a prohibition enforcement mission, but this theory was discarded when it was learned the engineer of a fast train which passed the Westport at 4:44 a.m. reported that some object had been struck by his train near Westport.

Courtney was in the Westport station at 9 o'clock last night and it was reported he was in a violent argument with two men and a woman, who were being sought by the authorities today in the belief they may be able to throw light on the tragedy.

PRIEST ADMITS
FRATRICIDE

(Continued from First Page)

relations to the public an unprovoked priest, but technically, according to canonical law, was explained by Recorder Semple, he is still a priest, though forever deprived of his duties, responsibilities and privileges.

NOT EVEN PRISONER
Detective La Jole was alone in Father De Lorme's house on Jan. 15th when the confession was made. The priest was not even a prisoner at the time, but he had in the detective's opinion committed a crime of insanity—or perhaps a gleam of sanity—when he decided to tell the truth and convict himself, though he never afterwards would admit any guilty knowledge.

Without a word of preparation he suddenly launched into the story of the crime which, for a period of an hour and a half, La Jole, in the privacy of the camera hearing, capitulated to the grand jury fully convincing them that the priest was not a leopole for refusing to grant a true bill against the priest.

ARRANGED IN COLD BLOOD
The callousness with which the arrangements for the murder were carried out by the priest was actually launched into the murder he induced Raoul to die without a stain on his soul. Also on the morning of the day he had arranged the boy should die in the morning hours. Raoul paraded of holy communion until his death.

At 10 o'clock in the afternoon Raoul was writing in a small study of his bedroom on the upper floor. He was smoking a pipe. The priest entered the room, expressed a wish for some tobacco. The priest arose and said he would take a walk with Raoul with his writing.

When the priest re-entered the room he carried in his left hand a towel saturated with chloroform and in his right a double-barreled revolver. Raoul, all unsuspecting, with his back to him as he tipped across the room. Suddenly the priest turned and pushed the towel over his victim and pushing the revolver against his temple fired; the bullets went through his head.

The lad sprang up in agony and, grappled with his brother, who then fired the remaining chambers in quick succession into his head. Raoul bleeding, but breathing free to the floor and the priest immediately turned on him with the chloroform cloth.

In the struggle the priest sprained his wrist, an injury he afterward explained as being caused by a fall on an icy sidewalk on his way to mass. He carried the body downstairs to the furnace room and loaded it on his automobile, taking it out to the lonely suburb of Snowden Junction, where he threw the body into the snow-covered highway where it was found.

Next morning as a further proof of his diabolical callousness, he actually covered the body with the remains of the boy's soul at St. James Cathedral.

GRUESOME DETAILS
This, in summarized form, is the story which, with still more gruesome details, was reported to the grand jury. The story caused the church to at once withdraw its protection from the priest and to withdraw from him his priestly functions.

Today the prisoner refused to plead after the judge had had the chance to read him. He seemed nervous and pale in contrast to his former appearance and appeared to be in a state of mental confusion. He was being conducted from the court and embarked again in the prison governor's automobile for the return journey to Brixton jail. It is stated he is regarded as a model prisoner.

**Huge Theater
to be Built
in New York**

(EXCLUSIVE DISPATCH.)
NEW YORK, June 2.—Times Square is to have the second largest theater and motion-picture house in the world.

The project has been financed with a \$15,000,000 loan and the structure will be erected by the Famous Players-Lasky Corporation in the rear of the Putnam Building, which occupies the corner front on the west side of Broadway, between Forty-third and Forty-fourth streets.

The main entrance to the new theater, which will seat more than 4000 persons, will be on Broadway between Forty-third and Forty-fourth streets. The building will have a total area of 200,000 square feet. The Famous Players-Lasky Corporation takes a twenty-one-year lease on the entire property and will spend about \$2,500,000 in the proposed building.

Castle was an insurance broker. He died last month.

M'CORMICK IS
OUT OF PLACE

(Continued from First Page)

M'Cormick stated that as head of the executive committee of the harvester concern, he "could give more time to policies and the larger questions which arise," and that he did not contemplate any diminution in interest or service to the company. The change had been in contemplation for a year, he said.

COURT ACTION OFF
Mrs. M'Cormick's lawyer, Charles S. Cutting, announced that he would not appear before Judge Horner on Saturday, as scheduled, and press the motion for an injunction to prevent the international match between Mathilde and the middle-aged Swiss.

At the same time there was filed in the office of the clerk of the Probate Court the legal appointment by Judge Horner of Mr. M'Cormick as the guardian of Mathilde. Unless other means are found to prevent the marriage, Mr. M'Cormick is free to give his consent.

"There will be no more court proceedings," said Mr. Cutting to reporters.

"Does that mean that there is a family agreement out of court?" he was asked.

"You will have to guess," he said.

MOTHER'S APPEAL
It became known today that Mrs. M'Cormick's latest appeal to her ex-husband was upon the ground that their daughter would be practically the chattel of her husband, according to the new American viewpoint. Oser will not be the husband of the 15-year-old girl as Americans know the word, Mrs. M'Cormick holds. She will become her lord and master able to exert over his wife and over the fortune she will inherit the despotism recognized by continental marriage laws.

According to a friend of the family, Mrs. M'Cormick's latest protest ran something like this: "The conditions under which Mathilde will have to live, if she marries this man, ought to be very carefully considered. As I understand it, her property rights would vest in her husband and he could do anything she possessed."

HUSBAND'S RIGHTS
"Moreover, I understand that her husband would have the right to discipline her as he may fit under the Swiss law. It is my understanding that the Swiss law is virtually the same as the general common law of Europe with reference to husband and wife. I am told that a husband has the right to beat his wife up in a room and keep her there if she does not do as he wants her to."

"This actually happened to one Chicago girl. There is no way that I can see to protect Mathilde's property interests against their being seized by her European husband, unless they are placed in trust, and then he can claim any income that is sent to her."

"In this relation we have the great lesson of American wives and European husbands. The reason why American wives usually divorce their European husbands after they have lived with them over there a little while, is that in America the husband and wife are equals; in Europe they are not."

"Both their property and personal rights are different. The women over there don't like this very well, but they are used to it. American girls are not used to that sort of thing. Mathilde, in this respect, is a revolt against it."

ROCKEFELLER'S HAND?
The powerful hand of John D. Rockefeller, one of the world's wealthiest men, is said to have been behind the legal move made by his daughter, Mrs. Edit Rockefeller M'Cormick, to forestall the marriage between Mathilde and Oser.

Mrs. Rockefeller has stated frequently that none of her fortune would ever leave America. He did not wish to disinherit his daughter, so he frowned on her marriage to the Swiss houseman. This was intimated today by Judge Cutting.

"It is not true that John D. Rockefeller prompted her to take this step," Judge Cutting was asked.

"Mr. Rockefeller's views have been plain concerning such foreign alliances," answered the attorney, neither affirming nor denying the question. "He has been quoted, frequently in Eastern newspapers that none of his wealth would ever be taken abroad."

**Possible Source
of Earth Shock
in Spokane Told**

(BY A. F. MORT WIRE.)
SPOKANE, June 2.—Possible source of an earth shock felt in this city and outlying districts yesterday afternoon became known today when members of a motion picture producing company who had been working on location west of the city, reported a slide of rock which they estimated at 100 tons.

About twenty members of the company had just left the spot covered by the slide and had moved their camera a short distance away when the rock fell with a great roar, they stated yesterday. The ground where they were standing rolled and trembled violently, and several members of the company were thrown to the ground.

Reports of the earth shock from various parts of the city told of houses shaken and dishes rattled.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, June 2.—The Chamber of Deputies this evening voted confidence in Premier Poincare, 484 to 100. The vote was taken after a long debate on various interpellations on the government's foreign policy.

Premier Poincare somewhat startled the Chamber when he announced that "dangerous attempts" were being made around the Reparations Commission to manipulate the question of international loans in such a way as to put out of power France's claims against Germany.

Chicago Prosecutor Makes Startling Statement

Declares Signer's Property Doesn't Cover Total

Bridge Owner Obligated for \$1,658,000

(REUTERS DISPATCH.)

CHICAGO, June 2.—State's Attorney Crows today showed that though Thomas Carey, bondman for "Big Tip" Murphy and Fred (Smiley) Mader, had signed bonds in criminal cases requiring amounts of \$1,658,000 worth of property, the value of his property, according to the tax list, totals only \$124,854—this allowing for the fact that the value of property is technically one-half its real value.

According to the State's Attorney's figures, Carey has signed bonds covering 113 criminal cases, totaling \$1,658,000. The law requires that the bondman have property twice the value of the bond. In Carey's case, \$1,658,000.

Carey has absconded with his bonds and his residence as security. The former schedule on the Murphy-Mader bonds is shown by the tax list to be worth \$124,854, or after \$124,854. This makes a total tax value of \$62,427, or a full value of twice that amount.

HEARING CONTINUED

The disclosure by the State's Attorney followed the hearing before Chief Justice Scanlan on the State's motion for Carey to justify his bonds. Murphy and Mader, who were charged with murder, were ordered to remain in custody until the assignment of the bond judge will hear the matter.

It was further shown by records that Carey, besides the bonds signed for Murphy and Mader, who are charged with murder, had signed bonds for three others charged with murder, one with assault to commit murder, one with being an accessory after the fact, and two for the alleged corruption of jurors in the recent trial of Helen O'Donnell, former head of the Building Trades Council.

APPROVAL MISSING

One of the 113 bonds furnished by Carey, it was shown that, sixty had been signed without the approval of the bond judge.

Henry Hansen, held by the police in connection with the recent murder of Policeman Lyons and union bawling and slugging outside, was ordered left in the custody of the police yesterday by Judge Bond.

Judge Bond, Fred Mader and Mader, bond general when the American Federation of Labor was in the courtroom during the hearing on a writ of habeas corpus brought for Hansen's release.

Hansen, as counsel for the petitioner, declared, questioning by the court, declared that Hansen was not his lawyer, and that he had no desire to leave the custody of the police. He denied a statement by Hansen that he was afraid to be released because the police would kill him. After hearing arguments from both sides, including a statement from Special Prosecutor Elmer Goddard, that he and the bond judge had decided that Hansen would not be turned over to the

Lawyer Believed After He Had Fallen That He Might Be Hurt

(BY A. P. MONT WIRE.)

SHREVEPORT (La.) June 2.—After falling six stories from his office window yesterday, G. M. Wallace, lawyer, picked himself up and asked the way to the nearest doctor, as he believed he had hurt himself. His fall was broken by heavy wire setting over a skylight through which he plunged. He was only slightly injured, his doctor said today.

Sheriff, Judge David remanded Hansen to the custody of the police.

HARDING TAKES NOTICE OF TRADE IN SENATE AGAINST MEN IN RUSSIA

(BY A. P. MONT WIRE.)

WASHINGTON, June 2.—The question whether organized American Relief in Russia will be continued after the present summer under the present system of semi-official supervision has not been decided. It was said today at the White House. The attitude in administration circles is that reports on the situation have thus far been too conflicting to be used as basis of a decision, especially in so far as they bear upon the attitude of the Russian peasant which is considered here to be the crux of the matter.

There are many ominous signs, it was said, that the Russian farmer is again hesitating to plow his land and sow his crops lest the effort and the labor be lost to him by the policy of the soviet and the results of his labor be confiscated without remuneration to him.

American relief workers in Russia were characterized as "unknown, untested heroes—out on the firing line of civilization," in the course of the White House discussion today. President Harding has just written a letter of condolence to the mother of one young man dead of typhus and he was said to consider it "heart-breaking in the light of sacrifices made by men of the American Relief Administration, to have unknown, untested, unheeding men traduce the nobility of their service" with charges of graft and dishonesty in disposition of the resources.

The reference was presumed to be to recent criticism of the relief enterprises in the Senate made in the form of attacks on Secretary Hoover.

Hot Weather in Alaska

THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct, everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

Noticias de Washington

WASHINGTON, junio 2.—Dice que es solamente temporal la demora del Primer Ministro de Canadá para comenzar las negociaciones del tratado del San Lorenzo.

El Presidente Harding se muestra muy resentido por los ataques a los miembros de su gabinete. Opina que la prensa dedica demasiado espacio a los desahogos de los demagogos.

Aunque la ley de la ley del plus del soldado, aumentan las probabilidades de que sea votado por el Senado, pues hoy se hizo un lado el proyecto de arancel para dejar el lugar al proyecto de gratificación.

Hoy aprobó el Senado el proyecto de ley del ejército. La votación fue de 49 a 21 en favor de 133,000 enrolados; esto es, 18,000 más de los que provee el proyecto de ley de la Cámara de Diputados.

El Presidente va a instar de nuevo al Congreso que vote en este período las leyes del subsidio para parcos. Advierte al Congreso que, de no hacerlo así, es posible se le eche encima todo el Consejo Naval.

Niégase que haya Revuelta en México.

WASHINGTON, junio 2.—Dice la Embajada Mexicana en una declaración que "no tienen absolutamente ningún fundamento las noticias que han publicado algunos periódicos americanos, y por las que se quiere hacer creer que ha comenzado una nueva y seria revolución en México."

NUEVA YORK, junio 2.—Hoy fueron convocados a una conferencia con Adolfo de la Huerta, ministro mexicano de Hacienda, los señores W. Lamont, y que están resueltos a llegar a un arreglo si fuera posible, aunque en la participación aseguran que se sienten desconfianza acerca del resultado de las conversaciones, en las que va a procurarse resolver el problema de la deuda mexicana de \$700,000,000, sobre la que no se pagan intereses desde 1914.

Otra fase de estas conferencias es la política. Ya el Sr. de la Huerta ha comenzado a ser el blanco de ataques políticos en su relación con la conferencia, pues se considera natural que tenga en su mente la política doméstica cuando se está en encaminadas las conferencias.

NOTAS LOCALES

Crecen Rápidamente los Clubes Rotarios

Al señalar un crecimiento de 20,000 miembros en un solo año, Chesley R. Perry, Secretario General de los Clubes Rotarios de Chicago, dijo ayer a los Rotarios locales durante el almuerzo en el Alexandria, que el año de 1921 había sido el período más progresivo de la organización. Aseguró que en los últimos doce meses se habían organizado más de 200 nuevos clubes Rotarios.

Muchos de los que asistirán la próxima semana a esta convención, con los más altos ideales y el mayor entusiasmo, serán Rotarios nuevos, dijo el Sr. Perry. "No ocupa mucho tiempo el miembro nuevo en asimilarse a los Rotarios. Los más antiguos de la sociedad estarán aquí con fresco amor y robustecida lealtad a sus principios."

Promete ser la convención Rotaria una reunión mucho más importante en carácter, entusiasmo y satisfacción que ninguna otra del pasado. Los Rotarios de Los Angeles van a agradecer a sus visitantes con una hospitalidad tal, que los que la reciben no la olvidarán nunca.

El Ayuntamiento Pasa del Punto Muerto

Ayer se pasó del punto muerto que había determinado en el Ayuntamiento la cuestión de rentar o comprar un edificio céntrico para usarse como anexo del Palacio Municipal, pues fue aprobada por los necesarios seis votos la moción del Regidor Mallard de rentar el edificio Bullard, en las calles North Main y North Spring, adyacente al edificio Temple, por un período de cinco años, a razón de \$12,000 anuales. El Regidor Sparks, al fin dio voto afirmativo; pero el Regidor Allan votó "No," como de costumbre.

La determinación del Ayuntamiento fue dar instrucciones al Abogado de la Ciudad de que redacte el contrato de arrendamiento de la Bullard, y lo someta luego a los Municipales para aprobación final. En los archivos puede verse que, en enero 24, el Dr. J. H. Bullard, dueño del edificio, se lo ofreció en venta a la ciudad en \$300,000 a plazos.

Desean Combinar los Proyectos de Albañales

Al declarar que Los Angeles debe tener un sistema adecuado de desagüe; pero que éste no debe construir las playas, la Comisión de Ciudadanos hizo ayer público un informe preliminar sobre el resultado de sus investigaciones hasta esta fecha en el asunto de las dificultades que está teniendo la ciudad, debido al recargo de su sistema de alcantarillas. Este comité recomienda que se den pasos inmediatos para clarificar químicamente el exceso de productos albañales, a fin de subsanar el inconveniente de que sea arrojado al natural en el arroyo Ballona. La comisión urgía que se construyera una planta desde luego, y que se haga una nueva caldera de desagüe hasta el mar, tratando químicamente los productos de dicha caldera, para arrojarlos ya clarificados a dos millas mar adentro.

SACRAMENTO RAIDS TIPPED OFF; RUTTER ON THE WARPATH

(BY A. P. MONT WIRE.)

SAN FRANCISCO, June 2.—Changes in the personnel of the Federal prohibition forces in California were promised by Samuel F. Rutter, prohibition director for California, after reports from agents assigned to the Days of '49 celebration in Sacramento had been received tonight.

With the largest number of search warrants ever carried from San Francisco at one time, they went to the celebration, none too welcome guests. Thirty places marked for raiding dwindled to a dozen, they said. Advance information was received by some suspected places. Federal agents said, and one proprietor of a doubtful place boasted of having twenty-four hours' warning.

QUICK IMPROVEMENT IN TRADE PREDICTED

(EXCLUSIVE DISPATCH.)

CHICAGO, June 2.—"Unless we meet with some great disaster or some setback like a railroad strike, it is my judgment that business conditions will continue to improve rapidly," said John J. Mitchell, veteran chairman of the board of the Illinois Trust and Savings Bank, who today returned from an extended tour of the West and Middle West.

"Conditions generally make it apparent," he continued, "that business is taking on a much healthier tone."

Discharged for Buying Drink

(EXCLUSIVE DISPATCH.)

HAMMOND (Ind.) June 2.—Following the arrest of Albert Reel on a charge of making and selling moonshine to railroad men, seven employees of the Chesapeake and Ohio Railway were discharged for purchasing intoxicating liquors by General Superintendent G. J. Derbyshire, Peru, Ind.

Boxeo

Jack Dempsey, campeón pugilístico mundial de gran peso, boxeará la próxima semana en Vernon, en un programa de beneficio.

Tennis

Avanzó ayer el juego en el torneo de tennis de la ciudad, con varias victorias inesperadas. Wynne fue vencido por Harold Godshall 6-5, 6-2, 6-4; al paso que Tom Ferrandini fue derrotado por Ken Hawkes, 12-10, 1-4, 6-4.

La Srta. Elizabeth Ryan, de San Francisco, fue derrotada ayer en la tanda semifinal de los campeones femeniles de tennis, en Wimbledon, Inglaterra.

PALISADES BEACH

Picture a group of attractive homes close to the water's edge, at the foot of the beautiful Santa Monica Palisades.

An exclusive colony of seashore residences, complete with all city conveniences—within easy reach of Los Angeles—yet right where, in quiet seclusion, you can enjoy all the delights of the oceanside.

YOU SHOULD ACT IMMEDIATELY

What has hitherto been found only at a considerable distance—Santa Barbara, Balboa and La Jolla—is now made available within a 40-minute motor drive from Los Angeles.

In a graceful curve of the shore line, commanding a full view of glorious western sunsets, with the majestic Palisades for a background, a limited number of building sites have been carefully laid out. Cement sidewalks now flank them, and they are reached by a paved boulevard and by the Pacific Electric. Gas, electricity, water and sewer are all immediately available.

Down to the water's edge runs a gently sloping beach. Your children may play all day on the sands. Canyons are reached by a few minutes' drive. The picturesque beach resorts of Venice and Ocean Park are only a mile or so away. Boating, bathing and water sports of all kinds are right at hand, while the principal golf courses in the vicinity of Los Angeles are within easy driving distance.

It is part of the beautiful city of Santa Monica, only a few minutes' ride from the heart of the business section. Yet it is well away from the amusement piers and public beaches—private, quiet, select in every particular.

Los Angeles has long felt the need of just such a colony as Palisades Beach—yet there are only 42 lots to meet the demand!

Just opened, Palisades Beach TODAY offers you the opportunity of an early selection. You should lose no time in making your choice.

Prices are surprisingly reasonable and terms convenient

Palos Verdes Estates Over the Top; Business Continues in Upward Trend

BY CHAPIN HALL

It was at the corresponding period a year ago, but rents are maintained at a comparatively high level.

In the central part of the State vegetable canning has begun, and has relieved the unemployment situation in that section. As the season advances there will be a greater demand for labor in this industry. Power construction work is taking on renewed impetus. Mining operations are below normal. Oil is in a similar position, but shows improvement.

By way of general summation, Dun's Weekly Review, issued today, in New York, will say: "Another month has opened with recent gains in business maintained and with promise of further improvement to follow. Current reports from different trades and sections of the country give evidence to confident expectations and support the more general belief that recovery from previous depression has been well advanced. Revival in some basic lines this year has steadily gathered momentum, despite various drawbacks, and the amount of new work has appreciably diminished with the increased opportunities for employment. Laboring men have been continuing for many weeks, have tended to prevent a full measure of progress, but the position of most operations are more closely approaching capacity.

"Weekly bank clearings, \$5,747,513,900.

THE PALOS VERDES ESTATES announced yesterday that one of the most remarkable financial achievements in the history of Southern California promotion had been successfully concluded and that more than \$15,000,000 was in hand in cash or pledges, completing the first step in the ambitious plan to create at the front door of Los Angeles what its promoters say will eventually become the most beautiful seashore residential city in America.

The rush of applicants for the trust indenture notes on the last day prior to the close of the subscription books was unprecedented and while a mountain of mail remains to be opened, it is estimated that more than \$15,000,000 was received on that day alone. The final check will not be finished before Tuesday.

Mr. Coverley, who has been in charge of the receipts for the trust company in whose custody the funds are, yesterday sent a letter of congratulation to E. G. Lewis, the father of the project, in which he predicted that the total subscription will exceed \$15,000,000 mark set, and commenting upon the high ethical plane maintained throughout the campaign, which has been under way for five months, culminating in the whirlwind finish.

The advertising and sales campaign was most intelligently directed and aided with the kind of "push" that carries the message in a convincing manner. Practically all of the funds so far have come from California sources, the great bulk of them from Southern California.

REVIEW OF BUSINESS

Business has traveled an encouragingly long way along the road to stability during the past month, as evidenced by the new records established for May, especially in Los Angeles.

An important influence was the 10 per cent reduction in freight rates. A large part of this saving will go to farming communities, where it will do much good, for whatever tends to help the farmer's financial condition is of benefit to business at large. The cheapening of money also was an influence strengthening the confidence in stock and bond markets, both of which continue to display unusual buoyancy.

Armour & Co. says there has been very little broadening of the demand for meat products. The outlook has not been improved, but it is significant that the volume has held up well despite the uneasiness that has attended some industries because of the strike in building activities this spring is another one of the good signs for the future. It is giving employment to a great many men, who have heretofore been working but partly or not at all. It has a tendency to reduce exorbitant costs of living and it utilizes commodities for which there has been very little market the last two years.

Very little stimulus was given the trade from foreign countries. Buying has been rather restrained, though inquiries on foreign accounts have been increased. The apparent stabilization of industry has caused foreign buyers apparently to conclude that the bottom of the market has been reached and that current values are free from speculative influences.

TREND IS UPWARD

Commercial and industrial movements continue to show a steady upward trend. Prices are steady with small increases in some commodities. Reports indicate that retail trade is improving. Food prices are fairly stable and few important changes have been recorded for some time. These still average 18 per cent higher than in 1918, while agricultural products are running about 25 per cent above of 1918 levels. Industrial products are about 40 per cent increase while building materials run from 55 to 87 per cent higher.

Copper prices are again a favorite element in the market, with demand increasing. Resumption of dividends is being considered by several of the copper producers. Henry Claws says that there is hardly a general group of stocks in which the brighter business conditions do not show themselves very distinctly.

It is observable that the public shows an inclination to record its confidence in the market and this is calculated to keep the market in a healthy condition. Congress is still playing politics while the soldiers' bonus bill, but the attitude of the administration seems to preclude any real danger of injudicious additional tax legislation becoming effective.

The automotive industry continues to operate at a record-breaking pace. Demand is insistent and unfilled orders indicate sustained production well into the summer. Ford has set his June production average at 140,000 cars. This is an average of \$400 a day, or \$125 a week, or \$1,000 a month, or \$12,000 a year. The high record of 487 cars was established on May 17.

Akron production is now close to 90,000 tires a day, or about 30 per cent of capacity. The 30 per cent of capacity is not burdened with heavy overhead and advertising expenses are cut down. The business of the large manufacturers, by quoting lower prices, this competition has broken per cent advances and promises to continue to do so.

GAINS MAINTAINED

The general employment situation in California continues to show improvement. Building, which has been active in the south, is also gaining momentum in the north, and as a consequence the lumber industry is above normal. Railroad repair shops have increased their forces. The housing situation in Los Angeles and vicinity is easier

HAUGHERTY ASKS LANDIS HELP IN WAR FRAUDS

Former Gov. McGovern May Help, Too; Fight Against Attorney- General Headed for Senate

(EXCLUSIVE DISPATCH.)
CHICAGO, June 2.—Atty.-Gen. Harry M. Daugherty, who is in Chicago today to address the Illinois Bar Association, announced that former Judge Landis and Francis E. McGovern, former Governor of Wisconsin, are being sought to render their services to try the war-fraud cases now under investigation.

Daugherty had a conference with Judge Landis some time ago in Washington, and Mr. Daugherty has given no definite answer as to whether he will be one of the special prosecutors representing the government when the cases come on. He will see Mr. McGovern and make my proposal to him.

MINERS WON'T ACCEPT PLAN

Operators Make New Offer to Resume Work President Harding Named by Owners as Referee

(BY A. P. NIGHT WIRE.)
NEW YORK, June 2.—A proposal that President Harding be asked to appoint a tribunal to settle the anthracite coal strike, submitted by the operators today, before the joint subcommittee on wage contract negotiations, was rejected by the miners.

Philip Murray, vice-president of the United Mine Workers, declined to state what grounds the proposition was turned down except to declare it "objectionable." Labor members of the joint subcommittee announced they will call a meeting of the general anthracite scale committee at Hazleton, Pa., next Thursday, to frame a counter-proposal.

REFUSE TO SUBSCRIBE

The invitation to President Harding, to which the miners refused to subscribe, asked him to "appoint a commission or tribunal to find practical methods by which prompt operation of the mines may be resumed pending its ultimate decision, and also to select and recommend a method by which future suspensions or strikes may be avoided."

"Thus," said S. D. Warriner, chairman of the operators' delegation to the wage conference, "we place ourselves unreservedly in the hands of the President, without strings or qualifications. We want the mines reopened as soon as possible."

At the miners' headquarters, however, the operators' offer of solution of the strike was looked on as nothing more than a counter-proposal to that which delegates submitted two weeks ago and which the employers refused to sign, mainly because it empowered the Federal Trade Commission and the Interstate Commerce Commission to regulate the industry, from wages to prices of the product.

Brooklyn Outfit is Prosperous on Small Capital

(EXCLUSIVE DISPATCH.)
NEW YORK, June 2.—An astounding story of how a company with but \$117 invested paid its president a \$10,000 salary in 1921 and still showed a profit of \$15,773 was recited to the Lockwood legislative housing committee yesterday at its hearing in City Hall.

This corporation is the Audley Clark Company, Brooklyn, dealers in general building materials. Its biggest returns came from the handling of brick bought for \$15.74 a thousand and sold at an average price of \$21.24.

Out of the profits the company had to pay the attorney's fees when prosecuted for violation of anti-trust laws and to settle a fine of \$100 imposed on its plea of guilty.

PRESIDENT TO TALK OVER SHIPPING BILL

WILL SADDLE RESPONSIBILITY ON CONGRESS IF NO ACTION IS TAKEN

(EXCLUSIVE DISPATCH.)
WASHINGTON, June 2.—A possibility that Congress may defer action on the ship subsidy bill at the present session has been brought to the attention of President Harding with the result that several conferences with Congressional leaders will be called shortly by the President to consider the situation. It was learned at the White House today.

Although Senate and House leaders are back of the subsidy bill, it has developed that the belief in the general legislative situation. President Harding feels most earnestly that Congress must act on the subsidy bill at the present session.

Congressional leaders will be informed by the President, it is believed, that if Congress does not dispose of this session to accept the advice and recommendations of the Shipping Board and merchant marine problem, the administration will step down and out, and throw the entire matter back to Congress. The administration is of the opinion that the responsibility for the merchant marine is on Congress.

Good Or Boome?

Shuman, having obtained a whiskey with difficulty and at considerable expense, started home treasure concealed in a sack. On the way he was overtaken by a speeding automobile and, after being knocked down, he was picked up, he was taking himself on an injury when he felt tricking down his "ul powers!" he exclaimed, "I hope it's blood,"

GRAND JURY TO QUIZ WOOLWINE

Small Service Board Makes Formal Request

Attorney General Suggested to Conduct Inquiry

Official Issues a Scathing Denunciation

Small request that the grand jury be called to pass upon the responsibility for an alleged operation which Ida Jones, discharged investigator of juvenile cases, declares she performed upon her with the aid and full knowledge of the city, was made late yesterday by the County Civil Service Commission.

The commission's letter to the grand jury was dispatched following a brief conference between George of the civil service and the grand jury, which was held in the chambers of the grand jury.

The action came at the close of a day filled with hot state charges that Mr. Woolwine was intimate with her for some time before he was discharged.

The grand jury declined to discuss the matter of his conference with the commission. It was shortly after the close of the day that the grand jury was called to pass upon the responsibility for an alleged operation which Ida Jones, discharged investigator of juvenile cases, declares she performed upon her with the aid and full knowledge of the city, was made late yesterday by the County Civil Service Commission.

ANOTHER BUSTER KEATON ARRIVES

Two eminent screen players became "auntie," one a father and a fourth a mother through a single event yesterday

Buster Keaton

Two eminent screen players became "auntie," one a father and a fourth a mother through a single event yesterday—the birth of Natalie Tal-madge Keaton of a boy.

Natalie is the wife of Buster Keaton, screen comedian, and the sister of Norma and Constance Tal-madge.

Shortly after the new arrival, Mr. Keaton, Constance and Norma, Joseph M. Schenck, husband of Norma, and Mrs. Margaret Tal-madge, her mother, visited the hospital, and it was decided to name the youngster Buster.

"He shan't call me auntie, though," cried Norma, and Constance in unison.

"He'll know me as Norma," said the former, and "me as Constance," said the latter.

"And he'll know me as Peggy," said his grandmother, which is the pet name her children have given her.

INSULT STIRS VETERANS' IRE

Stanton Post, G.A.R., Flays "Disloyal Sheet"

Forgotten or Ignored in the Memorial Eulogy

Citizens Asked to Condemn Publication

Editorial policies of W. R. Hearst in general and of Hearst's Los Angeles Examiner in particular vigorously were condemned yesterday in a resolution passed unanimously at a meeting of Stanton Post, Grand Army of the Republic, in Patriotic Hall.

The specific incident attacked by the Civil War veterans was a cartoon, carried on the editorial page of the local Hearst organ on Memorial Day under the caption, "Precious Memories," which found no place in its pictured eulogy for the dead heroes of the Civil War.

The cartoon is reproduced herewith and the text of the resolution, which was signed by Jacob Verbaum, commander of Stanton Post, follows:

"Whereas, Memorial Day was instituted and promulgated by Gen. John A. Logan, whose Adjutant General was Gen. N. P. Chipman of California; and whereas, Gen. John A. Logan, then a Senator in Congress, was instrumental in securing the conviction of Mrs. Burrill, a dangerous spy and a radical devotee of the Confederacy during the Civil War, we believe the insult offered the soldiers of the Federal government by the Hearst chain of newspapers in purposely ignoring the soldiers of the war of '61-'65 in its Memorial Day cartoon, demonstrated 'Precious Memories,' reflects the sentiment of the Examiner, and all Hearst publications, toward the Union veterans.

"We therefore denounce all such disloyal sheets, and call upon all loyal citizens of this country to condemn these insults offered the veterans of '61-'65, and to insist that only publications which bear the truth of history shall be deemed worthy of our commendation."

Aged Woman Injured While Crossing Street

Struck down by Los Angeles street car No. 532 while attempting to cross the intersection of Washington and Rampart boulevards, yesterday afternoon, Mrs. Myra Mayo, 74 years old, of 232 South Main street, was perhaps fatally injured. She suffered concussion of the brain and a possible skull fracture. It was reported at the Receiving Hospital.

WHAT DID YOU SEE?

Bullets Fly as Prisoner Flees Through Crowd

After a wild chase for several squares and through excited crowds at the Temple Block, during which several shots were fired, Gabriel Ramirez, a prisoner in the City Jail, was recaptured yesterday by Deputy Sheriff Townsend and Deputy Constable Adams. The man had just appeared as a witness in Justice Forbes's court. He had been sentenced to 180 days in the City Jail for vagrancy. His wife, Grace Ramirez, was being given a hearing before Justice Forbes on a charge of smuggling illicit drugs to him at the jail.

The woman was held to answer and her bail was fixed at \$2000. No sooner had the court returned the decision than the husband darted out of the courtroom and fled down Temple street to the Federal Building and north on Main street. The man was stopped, although the officers feared to shoot, because of the crowded street. He was taken back to the City Jail and his wife to the County Jail.

VALENTINO CASE NAMES NAZIMOVA

Photograph Identified by Witness as "Strange Lady" at Palm Springs

What "strange lady," as described by Mrs. Ramalda Lugo, an Indian woman of Palm Springs, was a member of the wedding party of Rodolph Valentino, cinema star, after his marriage at Mexicali, although her name so far has not been mentioned, was a subject that drew first attention yesterday at Mr. Valentino's hearing in Justice Hanby's court on a charge of bigamy.

Immediately after a picture of a prominent motion picture actress was identified by the Indian woman as the "strange lady," Dep. Dist. Atty. Costello caused a subpoena to be issued for the actress, a famous emotional actress.

TO PROVE ALIBI

The case will be resumed at 9:30 a.m. today. The purpose of calling the noted actress, in case she is the "strange lady" mentioned, is to establish that she was not the woman the Indian woman thought was Mrs. Shaughnessy-Valentino.

Mr. Valentino is accused of bigamy, and is now being given a hearing before Justice Hanby. It is charged that after obtaining an interlocutory decree of divorce from Jean Acker, that before his decree was final, he married Miss Shaughnessy in Mexicali and that he is now living with her at Palm Springs, Riverside county.

Probably the most important witness of the day was Paul Ivanovitch, a Serb who served in the American Army in France and is now a second lieutenant of reserve. He is a friend of the defendant's. He said that he went to Palm Springs before the marriage and on the night of the ceremony in Mexicali, Mr. Valentino's bride and Dr. Flor-etta Mansfield White and Douglas Gaurard, a motion picture director, awakened him on their return from Mexico. He said that the next day Mr. Valentino told of going to a hotel in El Centro the day before the marriage, and then to Mexicali, and of the return.

Mr. Ivanovitch testified that after leaving Palm Springs the wedding party came to Los Angeles, and stayed one night. He said that he stayed in the same room as the defendant and that Mrs. Valentino went to her own home. The next day, he said, Mrs. Valentino went to Pomona, where she boarded a train for New York.

HOT TO TESTIFY

Dr. Floretta Mansfield White, at whose cottage the wedding party stayed at Palm Springs, will be in court today, it was stated.

The search for Dr. White by Detective-Sergeants King and Winn and Walter Hunter, a District Attorney's investigator, resembles a scene from picture play. They went to Big Bear Lake, back to Oak Glen Ranch and then to Palm Springs. After days of search they were able to serve a subpoena.

TO BE OR NOT TO BE SAWTELLE?

Folks Vote Annexation, but Wonder if It Will Stick This Time

Sawtelle is back. Or is she? Her citizenry yesterday voted to become re-annexed to Los Angeles. The vote was 1187 against a paltry 318. But will it stick? Thus it is believed, has ended a long and arduous struggle for municipal independence or against municipal independence—depending on how you look at it. It was a struggle with many wordy battles on street corners, worthy battles in courts, balloting, counting, recounting, arguing, contention, charges, counter-charges without end. Sawtelle for four years has been an armed camp of Annexationists and Anti-Annexationists with no quarter given nor taken. And nobody asked for quarter.

Finch, the undertaker, considered by many as Sawtelle's liveliest citizen, made a round of the six election districts last night.

At 9:45 p.m. he announced that the annexation had carried by 8 to 1. Mr. Finch thereupon went to bed.

At 10:10 p.m. it was currently reported in Smith's drug store that the ratio was 6 to 1. The store was closed and the drug clerk went to bed. Then, just twenty-six minutes later, City Clerk Breese announced that the vote was 1237 to 210. Then everybody went to bed.

It started in May, 1917, when Sawtelle citizens by a margin of just three votes decided to become independent. Such consolidation took place with more or less confusion in January of the next year. Los Angeles policemen invaded Sawtelle streets, Los Angeles school ma'ams invaded Sawtelle schools, and deputy sheriffs and deputy sheriffs invaded Sawtelle meetings and adopted resolutions.

In the meantime, a group of citizens contested the election, charging irregularity in its conduct. The anti annexationists brought court proceedings questioning this city's right to handle things. It went up to the State Supreme Court and the Annexationists lost. That was in October of last year.

Municipal elections were held only two months ago so Mayor Aronson and his fellow councilmen shan't have a very long term of office. The Sawtelle people expect that within a month Sawtelle will actually become a slice of Los Angeles.

Sawtelle is where you get off when you go to the Soldiers' Home. It is a mile square and has 4300 voters; a good variety of stores, paid streets, water and street signs and almost everything.

WOULD COMBINE SEWAGE PLANS

Citizens' Committee for New Conduct and Treatment

Will Purify All Wastes and Keep Beaches Clean

Excess Flow to be Handled by Clarification

Declaring that Los Angeles must have adequate sewage disposal facilities, and at the same time adopt a system which shall keep clean the beaches, which are the playgrounds of the city and one of the municipality's greatest assets, the citizens' committee, appointed at the suggestion of the Community Development Association, yesterday made public a preliminary report on the result of its investigations to date into the emergency confronting the city due to the overloading of the sewer system as a result of the tremendously rapid growth of this district.

The committee recommends that immediate steps be taken to clarify by treatment the excess flow of sewage so that the nuisance complained of by the turning of the sewage into Ballona Creek will be ended for all time. The committee urges that this treatment plant be built at once.

For the permanent handling of the sewage of the city, the committee recommends that a new sewer be built to the sea, and that the sewage flowing through this pipe be treated and the clarified effluent be disposed of two miles out from the shore line. On this point, the committee in its preliminary report, says:

"The primary idea in the new plan is for the protection of Los Angeles's greatest asset, its beaches. The new sewage disposal plan will remove every objection that has been raised against the old outfall sewer. It provides for treating in a modified way the flow from the present outfall sewer while the new program is being carried out, the work on this to be done as soon as the funds are available when the bonds have been voted."

"Other features of the new program call for the immediate installation of a treatment plant to take care of the present excess sewage which is causing complaint in the southwest sections of the city and along Ballona Creek. Depending upon the success of this initial experiment and the experiments in other cities, this plant can be enlarged upon and other plants constructed. The new plan provides that all sewage that will go into the sea through the new conduit will be tested."

"The citizens' committee feels that if this plan is carried out the entire coast line will be absolutely protected from contamination, and Los Angeles will have the best and cleanest beaches in the United States."

Following the acceptance by the City Council of the Community Development Association's suggestion that a citizens' committee be appointed to investigate the sewage disposal situation, the committee has been busily at work.

WOMEN'S PLEA FOR PROBATION MAY BE DENIED

After Judge Shenk indicated yesterday that he would not grant probation for Mrs. Margaret Hollingshead and her sister, Mrs. May Lopez, both of whom pleaded guilty to forgery, Mrs. Hollingshead fainting in the courtroom and had to be carried out by four men. She was revived by Euliff Martin Aguirre.

What was termed a clever scheme was said to have been used by the sisters in obtaining fine clothes from various local department stores on other persons' charge accounts. In separate complaints they are accused of forgery of names of different persons to orders for goods.

The sisters had filed applications for probation, but the court indicated yesterday that he may deny the applications. The hearing on probation was continued until June 22.

DOGS WITHOUT MUZZLES BITE CITY OFFICIALS

"Bite 'til it hurts." That, evidently, is the war-time slogan adopted by Los Angeles "hour" dawgs, who won their second big victory in the fight against the new dog-muzzling ordinance yesterday.

Leonard Hale, city dog catcher, was declared a casualty yesterday after he, it was stated, caught an unmuzzled animal about the same time the dog caught him by the hand. Hale was followed to the Receiving Hospital by J. Chamberlain, humane animal inspector, who had severe lacerations about the nose.

That makes it three in a row for the dogs. Earl Varney, humane animal inspector, already having been bitten twice.

KLAN EMPIRE CRUMBLING

King Kleagle Secretly Departs Eastward in Exodus of Leaders as Jury Continues Inquiry

The Pacific Domain of the Invisible Empire of the Knights of the Ku Klux Klan, Inc., has crumbled. A few ex-Klansmen and a number of Klansmen remain, but the official heads of the organization have left the state. This became known yesterday when it was learned that King Kleagle Price left California for Atlanta, Ga., Thursday night. He departed in secret, without notifying the District Attorney or any other county official. Late yesterday afternoon a letter mailed by Price just before he boarded an eastbound train was received by Chief Dep. Dist. Atty. Doran.

Through his attorney, Paul Barkdale D'Orr, and by his letter, Price attempted to explain to the authorities that he had been called to Atlanta by Imperial Kleagle Clark. In the letter Price declared that he would return to Los Angeles in about ten days. He also announced to the District Attorney that he was "on the square."

FOLLOWS COBURN

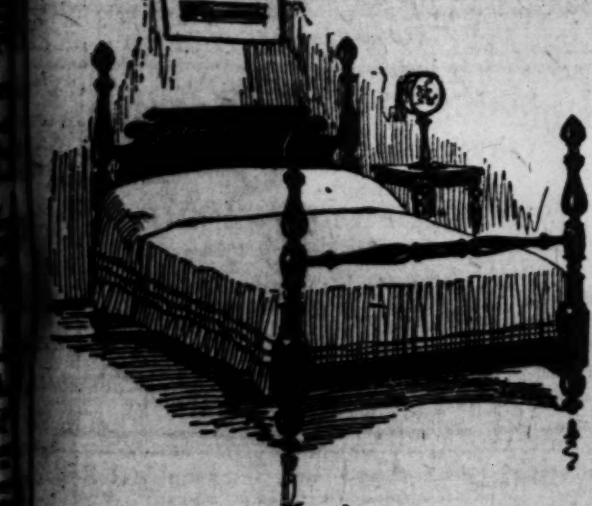

With King Kleagle Price following Grand Goblin Coburn to Atlanta, the only member of the Klan with any claim to an official connection with the Imperial Palace in Atlanta, Ga., to remain in Los Angeles is Kilgrapp C. R. Iaham, the book-keeper of the organization, whose duty it was to count the 110 "donations."

Kilgrapp Iaham, without an official office in which to keep the records of the Klan, was yesterday served with a grand jury subpoena and escorted from his home to the District Attorney's office. Before the grand jury Iaham told of the "workings" of the Klan office in this city and later, still accompanied by a detective, hurried to his home and produced a large number of official Klan files and records that had escaped the raid on Coburn's office early in the Klan investigation.

RECORDS VALUABLE

According to Dep. Dist. Atty. Ray Turner, the records turned over by Iaham are of great value in the investigation, and give a new list of local Klan members as well as records of "donations" and Kleagle's reports.

Before Kilgrapp Iaham was called before the grand jury, Dr. Dwight R. Mason, Los Angeles osteopath, who was beaten by a masked mob in Bakerfield a number of months ago, testified. Dr. Mason told of having been whipped by a hooded band and of having knives thrust into his back. After the whipping he stated the mob hung him by the neck to a timber beneath the grand stand of the Bakerfield ball park.

WASHINGTON AND ORCHARD

"The full Gospel for spirit, soul and body" is the slogan of evangelists W. T. Gaston and Peter Birch, who are conducting a series of revival services in a tent at Washington street and Orchard avenue. Special attention is being given to those suffering from physical ailments. Services will be conducted tomorrow at 10:45 a.m., 2:30 p.m. and 7:30 p.m. From now until June 25 services will be conducted daily at 2:30 p.m. and 7:30 p.m.

DR. WALKER ON "BYRAN"
FIRST PRESBYTERIAN

William J. Bryan evidently "started something" by his vigorous opposition to Darwinian evolution. Dr. Hugh K. Walker, who was present when the eminent Presbyterian launched his campaign along this line at the Wilshire Lake general assembly last year, will discuss Mr. Bryan, the late Mr. Darwin and other dead—and others in a sermon at the First Presbyterian Church tomorrow evening.

NEW KIND OF SCHOOL?
CHURCH OF DIVINE POWER

An innovation in Sunday-school work is promised at the Church of the Divine Power (at the Hotel Alexandria) tomorrow morning at 10 o'clock, when the lesson given in the children's Sunday-school will be interpreted by adults. Stories like "Little Red Riding Hood" will be supported by stories from the Bible, thought, feelings and parents will be taught to explain the meaning of fairy stories. At the 11 o'clock service Mrs. Leda Simon will speak on "Why Does My Wicked Neighbor Preach?"

"ISRAEL AMONG NATIONS"
IMMANUEL PRESBYTERIAN

The recent general assembly of the Presbyterian Church at Des Moines, Iowa, approved a motion, originating in the state of Washington, in which a test case will be taken to the supreme court, to determine whether the Bible can be legally excluded from the public schools. "What Are the Objections to the Bible in Public Schools?" will be the subject of a sermon by Dr. Herbert Booth Smith at the Immanuel Presbyterian Church tomorrow morning.

"DIVINE JEALOUSY"
FIRST CONGREGATIONAL

Dr. Carl F. Patterson will preach on "The Divine Jealousy" tomorrow morning at the First Congregational Church. In connection with the evening service the motion picture "Othello" will be shown. The women of the church will hold an all-day meeting next Thursday. The speaker for the morning will be Dr. Fong See Soe, who was graduated from Pomona College and who is now a noted educator of Shanghai, China. At the afternoon session Dr. E. P. Ryland will speak on "Making Pictures."

"FALSE HOPES"
DR. R. A. TORREY

Dr. R. A. Torrey, who has returned from the East, will supply the pulpit of the Church of the Open Door tomorrow morning and evening, preaching in the morning on "The God of the Bible" and in the evening on "False Hopes." At 3 p.m. Dr. F. E. Eby will give an address in the interest of the Christian education of youth, under the auspices of the Los Angeles Society for Christian Instruction. Next Thursday evening the choir will give the oratorio "The Creation," by Haydn. Free tickets may be secured at the Bible Institute Hotel office. These tickets will be necessary for admission until 7:30 o'clock, after which the doors will be thrown open to everyone.

DR. EBY RETURNS
WILSHIRE PRESBYTERIAN

Following an absence of three Sundays from his post, Dr. Eby, who has been in attendance at the General Assembly of Presbyterians at Des Moines, Dr. John Albert Eby will be in charge of services tomorrow at the Wilshire Presbyterian Church. The subject of Dr. Eby's sermon tomorrow morning will be "Saving Three Great Souls—the Home, Church and Nation." At the vesper hour Dr. Eby will speak on "A Housley Schoolboy's Recollections of Fifty Years Ago." A musical program under direction of Henri La Monte has been arranged for the evening service.

Willard Thompson and William A. Brinkhurst, convicted police slayers, were sentenced to hang yesterday by Judge Pat McKee.

DR. RAWLINGS RECOVERED
TO ASSUME OLD DUTIES

Rev. W. H. Rawlings, L.L.D., pastor of Bethany Temple, Sierra Madre, who has been ill for several weeks, has so far recovered that he will resume his church duties tomorrow, preaching his first sermon at 11 o'clock in the morning. A man of high intellectual attainments and a world-wide traveler, Dr. Rawlings has attracted a great deal of attention, in and near Sierra Madre especially among people whose religious views do not conflict with their desire for mental progress.

"GOD, CAUSE AND CREATOR"
CHRISTIAN SCIENCE

"God the Only Cause and Creator" is the subject of the Lesson-Sermon at 11 o'clock tomorrow morning in each of the thirteen Christian Science churches and one Christian Science society of Los Angeles. First, Second, Third, Fifth, Sixth, Ninth and Thirtieth churches will repeat this service in the evening at 8 o'clock. All churches and societies will hold Wednesday evening meetings, which include testimonials of Christian Science healing.

outrage that was the beginning of the Klan investigation will probably come to an end about next Tuesday. At that time the grand jury will be asked by the District Attorney to vote on over fifty indictments.

During the course of the investigation much evidence to show the inner workings of the Ku Klux Klan has been presented to the grand jury and letters and other written matter bearing on the Klan membership drives for new members in California have been read to the records.

DRIVES ARE HALTED

From a number of the ex-Klansmen still in Los Angeles the officials learned yesterday that all membership drives for new members in California have been stopped and the Klansmen themselves do not know if they will ever be again taken into the "invisible empire" as officials.

From the Good Samaritan Hospital where ex-Klansman Baker, the leader of the Ingwood franchise mob is confined as the result of a nervous breakdown, it was learned yesterday that he was improving and would be released in a few days. Baker, who made a complete confession of his connection with the fatal raid is regarded by county officials as one of the principal state witnesses.

Late yesterday afternoon Chief Dep. Dist. Atty. Doran announced that before the investigation is closed a number of surprise witnesses will be called before the grand jury. He refused to disclose the names of the new witnesses and declined to state what their testimony will be.

CHINATOWN
WAILS; TOM
WAH EXILED

(Continued from First Page)

Elusive Drug Peddler is
Sentenced to McNeil, His
Wife to Rockwell

Chief stalked through local Chinatown last night. The bazaar was closed. The Chinese put on blue and dark-blue clothes, as an emblem of their sadness.

For Tom Wah, the little "teacher" who had nine times defied the State and Federal authorities in the sale of narcotics, and whose store resembled a chemist's laboratory in the number of different drugs employed to bring on forgetfulness and make a man lose all anxiety about rent day, has been "put away."

Tom Wah, the sawed-off little Chinese whose forbears were among the mandarins of Canton and who had led the State and Federal officers a merry chase for ten years, was exiled by Judge Trippet to spend ten years on McNeil Island, and his wife, one of the best known and most picturesque figures in the Chinatown colony, was given eighteen months in the female reformatory at Rockwell City, Iowa, for selling narcotics.

Tom Wah had been in court so often that another conviction, more or less, meant nothing to him. On March 8, last, Tom Wah had been sentenced by the same court to three years and six months to McNeil Island. That case is now on appeal.

The judgment of the court was the most severe ever handed out in the local Federal jurisdiction for a similar offense—ten years and a fine of \$10,000 in the case of Tom Wah, and eighteen months and a fine of \$500 for Mrs. Tom Wah—but it made no appreciable difference with the defendants. They looked at the ceiling, and if they felt the hard hand of the law they gave no sign.

Asst. U. S. Atty. Haron read the record of Tom Wah, showing that he had faced prosecution and been convicted for dealing in drugs seven times in the State courts, with two convictions in the Federal courts. He asked leniency in the case of the woman. And the Wah family walked out of court with a jaunty air, just as if a pipe of yeh-shue, colored robes about him, strode loftily through the corridors of the Federal Building and condensed his views in a few words. "Gee, the ketch 'em," he said. It seemed to cover the case.

GUIN SING, a mandarin of Apla-ba street, who drew his brightly colored robes about him, strode loftily through the corridors of the Federal Building and condensed his views in a few words. "Gee, the ketch 'em," he said. It seemed to cover the case.

Blow Dealt State's
Water and Power Act

Investment Bankers' Chief
Tells of Resolution

We Propose Dangerous
Try at Socialism

Howard F. Beebe of New York, president of the Investment Bankers' Association, who represented, perhaps, more investment men than any other individual in the world, speaking before the annual convention of the Southern Pacific Railroad Company at the Ambassador yesterday, dealt a trenchant blow at the \$500,000,000 water and power initiative measure that is to come before the voters in November.

He has been honored by the opportunity to speak to you from the standpoint of the investment bankers, said Mr. Beebe, "and to tell you the report of the committee of our association in which they are opposing your proposed Water and Power Act."

"Your committee is of the opinion that such study as it has been able to make of the proposed measure since it first came to the attention of the association, shows that it would be a most vicious and radical experiment in State socialism, surpassing the disastrous venture in North Dakota. The Water and Power Act is to be given the widest publicity which is to be accorded to practically uncontrolled discretion. Its acts are subject to review by the Railroad Commission or the Legislature. It will take the bonds and invest the funds practically as it sees fit, and it will have the power to fix rates and of condemnation of property. It will take the power and the patronage of every competing privately owned public utility in the State, and not only destroy its business, but render its property inoperative and valueless."

MEANS SUPERMACHINE
"Then the board is created, it will dominate the water power situation, and with its power to amend and fix compensation, and its power to check or control, it will be able to build up an immensely powerful political machine, which will be likely to control the State."

"Your committee believes that the association should take a strong position against the measure, and that, following the recommendation of its public utility committee, has unanimously passed a resolution as follows: 'Whereas, the State of California has heretofore enjoyed good credit and its bonds and those of its public utility companies, have, through members of this association, been widely distributed throughout the United States to investors and institutions; and whereas, the rapid development of the resources and wealth of the State; and because of the same and constructive regulation of such public utilities by the State Railroad Commission, and their prosperity and stability and the resulting increased prosperity of the State, and the bonds and stocks of such utilities have found a wide and ready market; and

light utilities built within California by the combined capital of the multitude of investors residing throughout the United States, who have been induced to invest their savings in the development of California's natural resources, but even the destruction of the credit of the State of California, itself."

"Mr. Beebe continued, 'the people of California could know in detail the history of public ownership throughout the country. I am sure they would avoid such a move as is contemplated. There is not the time to attempt to discuss this situation at length, but the situation which developed and is now waning in the State of North Dakota should be in itself a strong deterrent.'

Charles F. Stern, vice-president of the First National Bank of Los Angeles, urged the defeat of the water and power initiative measure, saying: "There is no justification in the past, in the present or in the future outlook for our electrical utilities to warrant the competition of the State itself."

"Analyzed, the Water and Power Act, refutes itself and I have much faith in the intelligence and analytical ability of the people of California to question the defeat of the measure. And this measure must be defeated or our electrical development will stop. Who will finance development under the ownership of State socialism, engaged in this line of business?"

The conference was addressed by Chester H. Rowell, member of the State Railroad Commission; J. R. Teagarden, member of the California State Federation of Farm Bureaus; Charles K. Field, editor of Sunset Magazine; and John D. Fredericks, president of the Los Angeles Chamber of Commerce.

MILLER IS TOASTMASTER

John B. Miller, president of the Southern California Edison Company, acted as toastmaster of the banquet which began at 7 p.m. in the main dining-room of the Ambassador.

One of the features of the banquet was a message from Secretary of Commerce Herbert Hoover, from Washington, D. C., and relayed to the Ambassador by long-distance telephone and radio.

Charles K. Field, editor of the Sunset Magazine, said that the radical breathing fire and shouting about bonds, has a value so long as it is kept from having any way. "Threats of the extremist at one end have a salutary effect upon the extremist at the other end, and the great bulk of industry profits by the unconscious compromise between the two," he said.

LEGION TO BURY EX-SERVICE MAN

Lieut. Walter Huston Rawn

Funeral services for Lieut. Walter Huston Rawn, who died at the residence of his mother, Mrs. E. L. Rawn in Sierra Madre, last Wednesday morning as a result of being gassed while in service overseas, will be conducted in the Pierce Brothers' Chapel at 1 p.m. today under the auspices of the American Legion Post No. 3, Rev. C. C. Pierce will officiate. The body will be laid to rest at Hollywood Cemetery.

Lieut. Rawn, who was 27 years old, was the youngest of five brothers, all of whom served in the commissioned officers' corps. His mother, now a "gold star mother," who is 49 years old, is said to be the only five-star mother on the Pacific Coast.

Besides his mother, Mrs. E. L. Rawn, Lieut. Rawn leaves his four brothers, I. L. Rawn of Los Angeles, P. L. Rawn of Chattanooga, Tenn., A. M. Rawn of Kinghill, Idaho, and W. L. Rawn of Seattle, Wash.

ARTISTS are not the only persons who have come to the Golden West to pick beauties from California's femininity, for there is a contest now under way to find the most beautiful girl in Southern California to be queen of the national encampment of the United Spanish-American War Veterans here in August.

Representatives of the city's big business concerns are now getting in the race and one of the latest entrants is Miss Grace Mulchahey, entered in the contest by the Southern Pacific Lines. Miss Mulchahey's participation is sponsored by General Passenger Agent McGinnis for the company and the contestant has been assured the assistance of her co-workers.

Miss Mulchahey has lived in Los Angeles for five years, coming here from Spokane, Wash. She is employed at the Arcade Station building in the office of Supt. Whalen of the Los Angeles division. Her home is at 525 West Sixty-fifth street.

Other entrants in the contest include: Miss Hyacinth Brown from the Union Pacific System; Miss Grace Greenman, 631 South Burlington avenue, entered by the Ambassador Hotel system; Miss Betty Walker from the Hellman Commercial Trust and Savings Bank; and a representative of the County Employees' Association, to be named later.

The winner of the contest will be crowned queen of the celebration at a coronation ball in her honor at the Ambassador the night of July 28. In addition to the honor of reigning during the encampment the winner will also be awarded a \$1500 Durant motor car.

Youth's Death Aboard Liner to be Quizzed

Peculiar circumstances surrounding the death of Johann A. J. Van Bon, 19 years of age, an apprentice officer on the Holland-American liner Moerdijk, will be investigated by the Federal authorities, it was announced yesterday following the arrival of the Dutch vessel at this port from Rotterdam. Van Bon died May 14, two days after the Moerdijk left for canal, while taking in a canvas tank on the deck of the liner.

The tank had been constructed for the special use of Miss Joan Brues, an English champion long-distance swimmer, who is a passenger on the Moerdijk. Young Van Bon dove into the tank immediately after eating an unusually hearty meal, according to Capt. Herbschleb, master of the Moerdijk, and a second later came to the top of the water, quivering, black in the face and unconscious. He died three minutes later.

Van Bon was on his first trip on the Moerdijk and was completing a course of training to become an officer in the Dutch merchant marine. The youth was the son of a prominent Rotterdam family, according to Capt. Herbschleb.

But one of the seven passengers arriving from Europe on the Moerdijk disembarked at Los Angeles Harbor, Marjaret Ellis, widow of this former representative in Great Britain of the international financial concern of Dodge & Co.

Torpedo Trials Over, Admiral Returns Home

Rear-Admiral Guy H. Burrage, commander of the Pacific Fleet destroyer force, returned to the San Diego base yesterday morning after a two-day visit at the local base. Admiral Burrage came north to view the experimental torpedo maneuvers of the Pacific Fleet, held off San Clemente Island Thursday, in which three divisions of destroyers assisted.

Admiral Burrage returned to San Diego on the Robert Smith, flagship of destroyer squadron 12, the complete squadron returning to the southern port.

Battleship division 6, composed of the dreadnaughts New York, Texas and Oklahoma, sailed for Santa Cruz at 8 a.m. yesterday, leaving only the Navy's most modern battleships in port, the Mississippi and Pennsylvania left for San Diego Thursday night.

Attention, Rotarians: An illustrated, twenty-two-page souvenir Rotarian supplement will be issued with LOS ANGELES TIMES, Monday, June 5. For visitors who wish to keep their friends back home informed of the convention, THE TIMES has made a special subscription rate of 30c, at which price copies of the paper from June 5 to 10, inclusive, including the special supplement, will be mailed to any address in United States or possessions.

IMPERIAL BONDS WIN APPROVAL

District Overwhelmingly
Votes for \$7,500,000 Irrigation Issue

EL CENTRO, June 2.—Returns of the election by which Imperial Irrigation District yesterday approved a bond issue of \$7,500,000 will be officially canvassed by district directors on Monday. By unofficial count, the district voted 2115 for the bonds, with 421 opposed.

Assurance that a California syndicate would be ready to bid on the whole issue at a more favorable rate than has been obtainable heretofore has already been given the Imperial district by Charles F. Stern, vice-president of the First National Bank of Los Angeles, according to F. H. Melver, district secretary. By legal limitation the interest charge may not exceed 6 per cent for a maximum term of forty years.

Of the total issue \$5,000,000 is to be used to purchase and consolidate all water companies in Imperial Valley and \$2,500,000 will be expended in construction of a drainage system. Economy of management and operation is the compensation figured under the consolidation plan with consequent benefits in lower water rates. The drainage system is considered an absolute necessity to prevent excess saturation and seepage. Drainage Secretary Melver estimated tonight that the bond sale could be advertised and closed by August, and mutual district appraisals completed preparatory to consolidation by January 1. When consolidated the Imperial District will include 463,440 acres, the largest single irrigation organization in the world. From a fund of \$250,000, already in reserve, the district government will immediately begin the work of charting the drainage system and this project will go forward while the bonds are being negotiated.

**TARIFF BILL SHOVED
ASIDE FOR ARMY**

**MEASURE IS LIKELY TO BE
SIDETRACKED FREQUENTLY
IN FUTURE**

(BY A. P. MIGHT WIRE)
WASHINGTON, June 2.—After struggling with the subject for six consecutive weeks, the Senate turned aside today from tariff making to give its attention to the annual Army appropriation bill. As that measure was passed to-night, however, the plan is to go back to the tariff tomorrow.

Since the Navy and some other annual appropriation bills and important conference reports on these measures remain to be acted upon before the beginning of the new fiscal year on July 1, the tariff bill will be sidetracked at frequent intervals during this month. Despite these interruptions those in charge of the legislation hope for much more rapid progress in the future.

Berkeley Man Gains 16 Pounds and Feels Fine

Weakness and Stomach Troubles Are Things of the Past Since Taking Tanlac, Declares L. J. Smith.

"When I started taking Tanlac I was suffering from the after effects of diphtheria and was as weak as a kitten, but now I have gained sixteen pounds in weight and am feeling as well and strong as I ever did," said L. J. Smith, for thirty years a resident of Berkeley, Cal., residing at 897 Delaware St.

For over a year my stomach was in such a terrible condition that what little I ate seemed like poison to my system. I would bleed up as tight as a drum, suffer intense pains, and could hardly get a deep breath. I had rheumatism in my shoulders so bad I could scarcely use my arms at times, and my back was so stiff I could hardly stoop over. I couldn't sleep at night and always felt tired and worn out.

However, all that's over now, and Tanlac has got me of all these pains and put me in fine condition in every way. Tanlac is sold by all good druggists.—[Advertisement]

ROTARY CLUBS GROW RAPIDLY

Twelve Months Show 20,000
New Members Added

Two Hundred Additional
Branches Established

Secretary - General Asserts
1921 Made Record

Pointing to a growth of 20,000 members in a single year, Chesley R. Perry, secretary-general of the Rotary clubs of Chicago, told local Rotarians at their luncheon in the Alexandria yesterday that 1921 was the organization's most progressive period. In the last twelve months, he asserted, more than 300 new Rotary clubs have been organized.

"Many of those who will attend the convention here next week with the highest ideal and greatest enthusiasm will be new Rotarians," said Mr. Perry. "It does not take the new member long to assimilate Rotary. Those older in the organization will be here with renewed love and loyalty to their principles."

Every Rotarian who has been at previous conventions is eager to be on hand, and no doubt is making every effort to be present, looking forward to again meeting the friends of previous years. Friendship with fellow-Rotarians of other cities and countries will be renewed.

It promises to be a far greater gathering in character, enthusiasm and enjoyment than anything in the past. Los Angeles Rotarians will welcome their visitors with a hospitality that will never be forgotten by those who accept it. "There is plenty of work to be done," Mr. Perry continued. "The committee on convention program has prepared a schedule for five days of work which will be of interest and profit not merely to those who attend, but to all the clubs from which the delegates come. There are men on the program who have important messages and who will deliver them with earnestness and eloquence. There are to be valuable and beneficial presentations of matters from committees, discussions of topics and special assemblies of club presidents and secretaries."

"There are some practical propositions to be thrashed out and decided upon—matters which concern each club, whether it be old No. 1 at Chicago or new No. 1000 at old York, or a club in the Orient or another under the shadow of the southern cross."

"While this is to be a working convention, let no one think that its work will be dry and tiresome. On the other hand, there will be a sparkle and snap to everything that is said and done."

Mary Pickford Buys Paintings by DeLongpre

Two oil paintings by Paul DeLongpre, famous artist of Hollywood's younger days, were purchased yesterday by Mary Pickford. DeLongpre died in 1911, the year that the first motion-picture studio was built in Hollywood.

Among the large number of canvases which he left were two studies of roses and Champs Elysees, one of which captured a \$10,000 prize at the Paris Exposition in 1909. They were hanging in the office of George G. Greenwood, manager of the Hollywood branch of the Security Trust and Savings Bank, which had been commissioned by DeLongpre's widow to sell his paintings. There they were noticed by Miss Pickford yesterday and immediately bought.

"I almost wish she hadn't seen them," mourned Mr. Greenwood. "Lots of our patrons are going to miss them, too."

Strike Urged Among Valley Melon Pickers

(EXCLUSIVE DISPATCH)
EL CENTRO, June 2.—According to Frank Spencer, cantaloupe grower of Hawley, Mexican employment agents are systematically ignoring strikes of cantaloupe pickers and other trouble that will tend to keep the pickers dissatisfied and seeking new jobs. Spencer employs large numbers of Mexican pickers annually, and says he has had no trouble heretofore until this season, when he was notified by the employment agents that they would compel the workers to quit unless he paid 15 cents a crate instead of the contract of 12 cents for picking. According to Spencer, none of the Imperial Valley growers would have troubles this year if the pickers were let alone by the agents who he asserts are exploiting the workers in the agents' interests.

INDICT POSTAL CLERK

Embarrassment of \$20,000 Charged
Against Cotton Man

The federal grand jury yesterday voted an indictment against George W. Smith, former registry clerk at the Colton postoffice, charging him with the embarrassment of \$20,000, being funds of the Federal Reserve Bank sent to the First National Bank of Colton. However, there was no report on the case, as the indictment had not been prepared.

Other indictments were returned as follows: William F. McMahon, Frank J. Sullivan and Eddie Burns, counterfeiting revenue stamps of the United States; Earl Morgan and Frank Killdare, violation of the Harrison narcotic law; Clarence E. Lewis, same; Henry Peters, using the mails in a scheme to defraud.

Wholesalers of meat protested strongly last yesterday with the Los Angeles Traffic Commission against the congestion in the downtown streets which makes it difficult to get to and from the business houses downtown without drivers of the delivery wagons being stuck in traffic jams. When they do this they are arrested and the wholesalers are forced to pay fines. The traffic commission has offered space for them to park their vehicles so as to permit deliveries to be made without delay.

William H. Pierce, a member of the executive committee of the Traffic Commission, said the protest by the wholesalers and the League of Automobile Dealers heard at yesterday's meeting of the Traffic Commission, the League Club, "and prompt action should be taken to relieve the situation. The business men of the city are entitled to parking space at the curb to park the delivery cars and trucks so as to permit them to make deliveries."

The meat wholesalers will appear before the transportation committee of the city council and suggest for relief and the committee will then make its

FLASHES
"IVANHOE" A FILM
EDWARD LAEMMLE TO PRODUCE PICTURE ARROAD
By Grace Kingsley
Lovers of spectacular historical drama and of Sir Walter Scott's classic novels, will be delighted to learn that "Ivanhoe" is to become a film.
"Ivanhoe" is to be made abroad by Universal, and Edward Laemmle will direct it, according to facts learned yesterday. Laemmle has already distinguished himself as a maker of dramatic historic film themes in his production of "Winners of the West."
Neither time nor money are to be spared in the making of the classic seagull historical drama, which is to consume some six or seven months in production, and will be in eight reels, according to present calculations.
"Ivanhoe" lends itself particularly to visualization, as it is full of drama, and of romantic background and association. Its characters, too, are memorable, many of them historic.
Mr. Laemmle's research work is to be done with the aid of experts in the English and Scottish dialects, and will extend over a period of many weeks, after which he will proceed to make the scenes in as nearly as possible the exact locale in which the action of the story occurs.
The spectacular tournaments recorded in the story, the expeditions of the Crusaders led by Richard the Lion Hearted, and the doings of the historic characters involved, will all be brought out in the filming of the story, so that it is expected that the film will be a historic and educational document as well as presenting an engagingly human and enthralling story.
Mr. Laemmle will have his headquarters either in Berlin or Vienna, and Martin Bendheim has gone ahead as his agent to engage a studio. It is likely that not only will Laemmle have a studio in the above named cities, but also that he will have studio space in London.
The director will take with him a leading man and his camera-men, but he expects to engage his other actors abroad.
Following the making of "Ivanhoe," Laemmle expects to visit the Orient, and he will make a travelogue series of the countries through which he passes.
"Ivanhoe" was filmed about twelve years ago by Herbert Brenson with Kirk Bogart starred.
Billy Franey Starred
Billy Franey, who rose to silver-sheet fame via the Keystone cop route, and whose career as a comedian extends over many years of hard work, has signed a year's contract with the O'Connor Productions, of which Robert O'Connor, formerly with Hal Roach, has entered the State rights field for the purpose of producing and selling direct to the key cities.
Mary Anderson With Abramson
It has been a blue moon or so since we have seen the pretty face of Mary Anderson on the screen. Now it is with pleasure we have to announce that the young lady is soon to be featured in "Wild Youth," an original story to be filmed by Ivan Abramson in New York. This will be the first time in six years that Miss Anderson has made a picture in the East. Miss Anderson recently completed a tour of personal appearances.

REVIEWED IN RHYME
BY HALETT ABEND
"OUT OF THE DUST"
I read the posters with delight—
"Here's the Great West Reborn."
I visioned daring, bravery,
Triumph for hopes forlorn.
"Inspired," the posters further said
By Remington's great brush;
So with high hopes I paid my fee—
Entered the theater's hush.
But Remington would be aghast;
Here was no "West Reborn."
But rather such a foolish play
As merits laughs of scorn.
Much talk there was of gray, bare
hills—
And then the background shown
Revealed a lovely wooded land
Quite strangely like our own.
And in the great elopement scene
I thought I sensed a hoax;
The lovers rode beneath what
seemed
Fine California oaks.
All this was forty years ago;
Fort Sheridan the place;
'Twas when Wyoming's rolling
plains
Were desolate and waste.
Still, things like this one can for-
give.
Who'll grudge a large pretense
In settings or in scenery
Just so the plot makes sense?
But here there was no western
tale.
Of hardy argonauts;
Instead, a threadbare, shabby
theme.
A wife with vagrant thoughts.
The wife dislikes the fort's dull
life;
So selfish, stupid, vain;
Though living in a rough log
house
Wears jewels, silks, a train.
A handsome trapper, buckskin-
clad,
With manners of a beau
Handles the villain's part with
hands
As soft and white as snow.
His shirt flares open at the neck,
(These small details will vex us)
And shows his heaving chest al-
most
Down to the solar plexus.
An army captain is the spouse,
Deserted, lost to joy;
And when she goes the lady leaves
Behind her one small boy.
The lady goes sans hat or cloak,
Sans toothbrush and sans purse.
Now could a villain in his quests
Have managed to do worse?
And that first night away from
home
The villain gets quite soured—
Snores as they ride on in the coach.
The lady is aroused,
And quite disgusted when he
swears,
And so when next he slumbers
She hops off in the bush, the while
The slow coach onward lumbers.
And then the "pathos" note is
struck
By cutbacks to the boy
And husband while the lady finds
The "gay life" not all joy.
The husband leaves the army; finds
A ranch job, while the lady
Sings in wild dance halls and
saloons.
Her life seems—well—shady
Until a stupid title tells
How virtuous she still is.
Her voice charms drunkards, gam-
blers, crooks—
But, oh, how strong her will is!
And then one day the villain comes
And finds her charming "souza."
One sinapse is quite enough for
him;
His mad, bad love arouses.
This villain promptly buys the joint
In which the lady's working.
And then it seems catastrophe
And ruin are really lurking
In the next scene. But not at all!
The lady, with a sob,
Hops on a coach and jumps away—
Just walks out on her job.
Four reels are used, and so her
next
Engagement proves to be
In a saloon where husband's men
Come weekly for their spree.
The villain loses his whole roll
Gambling, and follows soon.
The "nets of chance" are drawing
close;
The end's in sight—a boon!
Husband and villain meet, of
course,
While the wife is singing—
While all the jazz-hounds of that
day
Their coin around are flinging.
Then, sure enough, the husband
says
That with his "own bare hands"
He'll choke the villain's black life
out.
How much the public stands!
And when the fight has reached
its end
The small son steps between
Husband and wife and joins their
hands.
The same old stuff we've seen
And wearied of a hundred times!
If Remington inspired
This mush, I wish the inspired one
Had earlier expired.
LOVE BOAT UNUSUAL SET
So decorative is the Chinese love
boat which has just been com-
pleted at the United Studios for
Joseph M. Schenk production of
"East is West," a First National
release in which Constance Tai-
madge is being starred, that, for
the moment, this sinister symbol of
China's traffic in slaves is forgotten
in the overwhelming illusion of the
scenes that transports one back
to the vibrant life of China. The
love boat is the latest triumph of
Technical Director Stephen Goos-
son, who designed it from old Chi-
nese junk. It is forty-four feet
long and sixteen feet wide, and
detail, it is to be kept as one of
the permanent sets of the studio.
The beautiful decorated barge is
strung with only six glorified lan-
terns as China can achieve and
fashioned with flowers. On it the
Sung Sung girls and still further
convey the illusion of the water
lapping the sides of the junk.

WEDDINGS SCORE OVER DIVORCE
June, the month of weddings, has evidently had its influence on the Orpheum artists. No fewer than four marriages have been announced as pending in the last few days. Ellen Terry Boyle, of the David Schooler act, is to wed a Dayton physician in July; Mary Ann Hart, with Charles O'Leary, is to marry a fellow vaudevillian in July; Sheila Terry, who plays the Orpheum next week, is to wed Ben Rubin, who was there last week, and Charlie O'Leary, now that he is to lose Mary Ann, is taking a life partner in the person of Eunice Frolic, who was at the Orpheum not so long ago in a girl act.
Just to offset this, two divorces are also pending among Orpheumites. Evelyn Cavanaugh is to seek separation in July, and Ina Williams, who played there with Hal Skelley recently, is to do likewise. But the score so far is four to two, with Cupid running ahead, so it is OK, anyhow.

MAGICIAN'S STAGE SHOW
A program of unusual character, including magical surprises and other numbers of musical or miracu-
lous nature, was given by the Los Angeles Society of Magicians Thursday evening at Masonic Hall, Third Street and Western avenue.
The local association of wizards of which Adam Hull Shirk is president, is developing a widespread interest in the art of conjuring and attendant arts, such as ven-
triloquism, shadowgraphy and the like. Past President Harry Cooke was in charge of the program. The affair is an invitation to save to news-
paper men or women and magi-
cians, professional or amateur, who were welcomed by the organiza-
tion.
Radiant Personalities

FRANKLIN NOSES OUT POMONA FOR PREP BASEBALL CHAMPIONSHIP

TEACHOUT HOLDS OPPONENTS RUNLESS

Best Members of City League Citrus Belt Champs; Clinch Southern California Title

BY BOB RAY

Franklin High into the Southern California baseball championship yesterday afternoon at Pomona. The team, coached by Coach Teachout, defeated Pomona 1 to 0, in a mappy game.

POMONA CANT CLAIM BANNER

Being rather peeved at the claims of the Pomona College baseball nine to the conference championship, supporters of Caltech's diamond gladiators, who tied with the Sages and S.B. U.C. for first place in the season just finished, have registered a healthy kick. A perusal of the constitution of the Southern California Intercollegiate Conference reveals the following information in the form of Article X, accepted in 1920: "Athletic championships shall be awarded to the college team winning the greatest percentage of games during the regular season. In the case of a tie, the tie shall stand."

Pomona had claimed the title by virtue of winning it last season, but according to the constitution, the triple tie will have to stand.

W. C. Russell of the Pomona faculty, who is also secretary of the conference, upheld Caltech's claims last night.

Of all the comebacks staged recently there is none more remarkable than that of Clarence J. Griffin who is showing himself to be a better tennis player now than he was when he was winning national championships. He has been cutting a wide swath in the local city tennis championship tourney and is a favorite to win a stock of honors.

NAVY BALLOON IS MISSING

Aircraft Piloted by Lieut. W. F. Reed is Still Uncounted for in Big Race

[BY A. P. NIGHT WIRE]

CHICAGO, June 3.—Indications tonight were that an Army, Navy and independent balloon race would be held in Switzerland.

The Navy balloon, piloted by Lieut. W. F. Reed, was the only one of the thirteen contestants that started in the national race from Milwaukee Wednesday still unaccounted for tonight and was believed to be aloft somewhere over the Great Lakes region.

Of the thirteen balloons, twelve were competing for the right to be selected among the three to represent the United States in the international race. The winners are thought to have landed today.

E. Honeywell of St. Louis, an independent pilot, reported that he had landed about twenty miles south of Joplin, Mo., today, after covering about 550 miles, while

Ma. Oscar Westover of Washington, piloting an Army balloon came down near Lake St. John, Province of Quebec, Can.

Nothing has been heard of the balloon piloted by Lieut. Reed since last night. If he makes a successful landing, it is thought that his balloon will be one of the winners unless it runs into winds that forced it back on its course.

Six of the original thirteen starters were unaccounted for early today, but it was learned that Lieut. Commander J. P. Norbert, piloting a helium-filled Navy balloon, had landed at Hancock, Mo., Thursday, while Capt. Harold E. Weeks of the Army came down near Witt, Ill., and Ward T. Van Orman, veteran civilian, landed last night at Fayette, Mo.

ONLY FOUR HORSES IN THE SUBURBAN

[BY A. P. NIGHT WIRE]

NEW YORK, June 2.—Four horses, the smallest field in the history of the stakes, have been named to run in the Suburban handicap at Belmont Park Saturday.

The field consists of: Mad Hatter, 130 pounds, E. Sande; Senning Park, 127, Fairbrother; Capt. Alcock, 103, Ponca; Flying Cloud, 102, Mariniell. Mad Hatter will be the favorite.

"LEFTY" MARINEAU TO CAPTAIN TEAM

[BY A. P. NIGHT WIRE]

MOSCOW (Idaho) June 2.—Fred (Lefty) Marineau, star pitcher of the University of Idaho baseball team, is captain of the team for the 1923 season, following the annual squad election here. He is a two-year letter man, and student in the college of letters and science. Twelve men received baseball letters this year and all day's term. The team finished third in the Northwest conference.

MISS EDITH SIGOURNEY OF Boston, matched with Maj. J. G. Ritchie in the mixed doubles, advanced to the semifinal round when they defeated Williams and Miss Head, 6-3, 7-5. They had previously defeated A. Wallis Myers and Mrs. Molla Bjurstedt Mallory, the American woman champion.

FAVORITES ARE DISPOSED OF

Hawkes Trims Ferrandini in City Net Tourney

Godshall Takes Measure of Winnie Mace

Mrs. Henry, Miss Williams to Meet for Title

BY CHARLES WEST

Dopesters had a rather bad day of it yesterday in the Los Angeles city tennis tournament, two favorites in the men's singles division bowing to outsiders in rapid matches played at the L.A.T.C. courts. Winnie Mace, who many predicted would reach the finals, was vanquished by Harold Godshall after a stubborn fight, 6-4, 6-3, 6-4, and Tom Ferrandini was eliminated by Ken Hawkes, 12-10, 5-4, 6-4.

Otherwise the racket manipulators upheld the dope. Ralph Sindorf defeated Hall, 6-3, 6-1, and Hardeman trimmed Berry in straight sets, 6-4, 6-1, in other matches in the men's singles while Miss Marion Williams and Mrs. W. M. Henry moved up to the finals in the women's singles. The former defeated Miss Gladys O'Shea, 6-2, 6-1, while Mrs. Henry was disposing of Miss De Mille by the same score.

Mrs. Henry and Miss Williams will settle the women's singles title in the feature match of today's program, their match being scheduled for 2 p.m. Fans are divided in their opinions as to the probable victor, but all agree it will be a match well worth seeing.

In the men's doubles Harry McLoughlin and Ken Hawkes sailed through Lang and Kerwin, 6-0, 6-1, and Ed Berry and Dickenson upset Harold Godshall and Bob Allen in a palpitating three-set struggle, 8-6, 3-6, 6-4.

Although Mace squeaked out ahead of Godshall in the opening set of their match, 6-4, he couldn't stand the pace, and his youthful opponent slipped the belt around for two comparatively easy victories in the last two sets, 6-2, and 6-4. It was Godshall's sizzling serve that turned the tide, Mace breaking through on only two occasions, while after the first set Godshall solved his adversary's service for point after point. Youth, it seems, must still be served, and when the youth returns the serve with interest there's not much that can be done about it.

Ken Hawkes and Tom Ferrandini staged an exciting rumpus before the business of the day commenced. Both players were winning on their service regularly in the first canto. Hawkes finally broke through in the twenty-first game for an advantage, and took the set 12-10, when Ferrandini's back trouble, 6-3.

But Hawkes regained the steady hand, and by clever play in the first set, and by placing grabbed the first three games of the deciding match, before Ferrandini got functioning in his usual manner. The rest of the games were hard fought, and finally breaking through in the twenty-first game for an advantage, and took the set 12-10, when Ferrandini's back trouble, 6-3.

Results follow: Sindorf defeated Hall, 6-3, 6-1. Mace defeated Ferrandini, 6-4, 6-3. Godshall defeated Perry, 6-4, 6-1. McLoughlin and Ken Hawkes defeated Lang and Kerwin, 6-0, 6-1. Miss Williams defeated Miss O'Shea, 6-2, 6-1. Mrs. Henry defeated Mrs. De Mille, 6-2, 6-1. Hawkes defeated Ferrandini, 12-10, 5-4, 6-4. Berry and Dickenson defeated Godshall and Allen, 8-6, 3-6, 6-4. Ward defeated Sutton, 6-0, 6-0. Mace defeated Mace, 6-4, 6-2, 6-4. Miss Sindorf defeated Berry and Williams, 6-0, 6-1. Mace and De Mille defeated Mace and Hughes, 6-0, 6-1. Mace and De Mille defeated Mace and Hughes, 6-0, 6-1. Mace and De Mille defeated Mace and Hughes, 6-0, 6-1.

Miss Thelma Finn

Joint holder of the world's 50-yard swimming record, who will be a member of the L.A.A.C. relay squad to go after the existing 50-yard record at Venice on June 8.

Mermaids Go After World's Relay Record

Wallace O'Connor, middle-distance swimmer, and William Fair, breast-stroke exponent, the star performers at the recent Bay League championship meet, will participate in the big aquatic carnival to be staged in the Venice plunge, June 8.

The big feature event on the program, however, will be the national A.A.U. championship 500-yard relay race for girls, when the famous Mercury mermaids will try to smash the present world's record of 1m 1.3-sec. for the distance. Coach Cad of the Los Angeles Athletic Club, has chosen a team consisting of Thelma Finn, present joint holder of the world's record for 50 yards; Helen Vernon, who is stepping off spring events in close to record marks. All of these girls can travel 50 yards in record time, and they are confidently expected to break up a new record. Katherine Van Buren, Ruth Kimball, Dottie Hewitt, and Dot Walcott make up another Mercury team entered in the event by Cad. Rivas of Venice expects to enter the event in this event who will make their initial bow to the public in competition and will carry the Gonsouler colors.

COUNTRIES TO MEET IN DAVIS CUP PLAY

[BY A. P. NIGHT WIRE]

NEW YORK, June 2.—France and Denmark will meet in the second round of the Davis cup tennis play at Copenhagen June 17, 18 and 19, it was announced today by the United States Lawn Tennis Association. This match comes about because Canada defaulted to France and Denmark drew a bye in the first round.

BOXER SAVES MAN FROM DROWNING

[BY CABLE AND ASSOCIATED PRESS]

LONDON, June 2.—Awakened last midnight by cries for help, Frankie Burns, Australian middleweight champion boxer, who is at a club on the Thames training for his fight with Ted (Kid) Lewis June 19, rushed to the side of the river, where he saw a capsize canoe and two men struggling in midstream. Burns, who is a good swimmer, succeeded in rescuing one of them, an army officer. He then went after the other, who, however, sank before he could reach him.

COBB AND HEILMAN ARE REINSTATE

[BY A. P. NIGHT WIRE]

CHICAGO, June 2.—Ty Cobb and Harry Heilmann of the Detroit club of the American League, who were suspended following an argument during a game at St. Louis, were reinstated this afternoon by Earl J. Ryan, president of the league and will be eligible to play tomorrow. Mr. Johnson announced. His decision on the case will be handed down in a few days.

MICHAELS WINS OVER ED HANLEY

Matlock Given Verdict Over Inman at Legion Hollywood Arena

BY GERALD FIDGIE

Bobby Michaels, New York 165-pounder, displayed to the multitude gathered at the Hollywood Legion arena last night a beautiful southpaw. Said southpaw stood him in good stead in the main event and won for him the decision over Eddie Hanley, of San Francisco, who substituted for Bud Soules. Soules was found to be six pounds overweight and thereby forfeited his right to battle with the easterner.

Michaels struck Hanley low in the opening round and Referee Blake gave the decision to the Coast man, but Hanley waived the honor and consented to continue the mill. Eddie looked far superior to the Leo Flynn marvel in the first two rounds, but the Manhattan youngster thereafter outpointed him all the way.

Leo Matlock of Oakland dropped Jack Inman, Santa Ana 165-pounder, for the count twice in the first round of their affair in the semi-wind-up. Inman came up smiling each time, but was unable to overcome this edge in the later rounds and so he lost the evening's laurels.

Jimmy Maresca won the Pacific Fleet welterweight championship, or something else when he decisively whipped Sailor Terry McGowan in every round of their engagement.

Mike Gollindo, subbing for Bill Williams, played the role of the artful dodger for two rounds with "Wildcat" Henry Borba, but he finally woke up and fought himself into a draw. Kid Mende ran into a tough customer in Pete Martin, who held him even in a bout that was so full of action that the fans howled with glee.

Art Springer looked like a set-up for Les Mason in the first round of the middleweight title, but turned the tables on Mason in the other three rounds and easily won the decision. Eddie Dooey stopped Johnny Dempsey in the opening canto of the curtain-raiser.

MAT BOUT MAY BE SWUNG IN SPOKANE

[BY A. P. NIGHT WIRE]

SPOKANE (Wash.) June 2.—Possibility that the wrestling match between Ted Thye, Portland, and Johnny Meyer, Chicago, for the middleweight championship of the world, set for June 15, may be transferred from Portland to Spokane, if enough interest is shown here, is the statement made by Thye, who is in the city for a bout tonight with Paul Froese, boxing and wrestling instructor at the University of Illinois.

FLEET BASEBALL GAME POSTPONED

[EXCLUSIVE DISPATCH]

SAN DIEGO, June 2.—At the request of the baseball team of the U.S.S. New York, however, will be held for this afternoon with the U.S.S. Charleston nine was postponed until Saturday. The Charleston team defeated the New York team yesterday in the opening contest of a three-game series for the Pacific fleet championship by a score of 7 to 2.
